To do so:

- Go to url: <http://oags.graduatecareers.com.au/>
- Click the **'Proceed to Survey'** button
- In the space provided, **type in your unique AGS survey ID**, which is provided in your graduation information package.

Your participation in the Australian Graduate Survey, which encompasses all new graduates of higher education providers and only takes a few minutes to complete, is of significant importance for you and the College.

Information from the survey provides both future students and past ACPE graduates with details about the type of work, further study and other activities that can flow on from an ACPE degree. It also provides potential employers with information that can assist them in their development of recruitment policies.

Information from the survey is also used by ACPE to inform strategic planning and quality assurance activities, and we value your honest feedback in this regard.

Confidentiality is of paramount importance to all at ACPE and the data that you provide will only be used in a collated form.

We sincerely thank you, in anticipation of your participation in this survey.
